CAP PORTFOLIO - (AI & ML)

Kritika Sharma

Homepage

Hi, I am Kritika Sharma – Aspiring Artificial Intelligence & Machine Learning Enthusiast. I am currently pursuing a Bachelors of Computer Applications (BCA) specialization in Artificial Intelligence & Machine Learning at Lovely Professional University (2024–2027). With a solid academic foundation and specialized certifications, I am eager to leverage my programming and analytical skills to develop impactful solutions in the field of AI and technology.

About Me

I am a technology enthusiast driven by continuous learning and a desire to create meaningful solutions. My academic journey at LPU has equipped me with a strong foundation in software development, database management, and web technologies. I believe in leveraging my skills in Python, web development, and data-driven problem solving to build robust applications that meet real-world needs.

Skills & Technologies

• Programming Languages: Python, C++, C
• Web Development: HTML, CSS, JavaScript
• Database Management: MySQL, MongoDB
• Core Concepts: Object-Oriented Programming, Procedural Programming

Projects

Showcasing my practical work through hands-on projects:

• Library Management System
    GitHub: https://github.com/kritikasharma3342/my-first-project
    A Library Management System project highlighting my skills in C programming language.

• Tic Tac Toe
  GitHub: https://github.com/kritikasharma3342/TicTacToe
  A game to play that highlights my C programming skills.

Certifications & Courses

• Introduction to Generative AI - Google Cloud Skill Boost.

• Introduction to Large Language Models - Google Cloud Skill Boost.

• The Generative AI Revolution - workshop on Unleashing Innovation: The Generative AI Revolution hosted by industry leaders, conducted by AspireForHer.

• Introduction to Data Concepts - IBM SkillsBuild.

Competitive Programming & Hackathons

• Finalist at Code-Storm, a 36-hour hackathon
• Leadership roles: Vice President & Social Media Manager at The Invincibles
